TITLE.:- TALLY HO !

Picture.:- A "stirrup cup" to start the day with ! Not a bad idea either ! XXXX Good health, sir ! XXXXXX
Now that we're well primed,--

--let's look over the Meet, which has as its setting the green and gold of an autumn morning. XXXX Attendance is very good, and Master Fox is going to have a very busy time, if he is to see the dawn of another--

--hunting season. XXXX Whatever may be one's opinion regarding fox-hunting, it must be admitted--

--that a meet of the hounds makes a very fine picture, typical of old England with her customs and traditions. XXXX The grey horses are the mounts of officers of the Scots Greys, many of whom are followers of the Tedworth Foxhounds. XXXXX They are all intent on making a good day of it, so we --

--will content ourselves with wishing them the old, old wish - Good Hunting !
