TITLE:- SPRINGBOKS DRAW.

Picture:- The Springboks have so far had a triumphant tour, and have never failed to score. XXXXX Success has followed success, and they have every hope of continuing their winning sequence in the battle with the Borderers, at Melrose,--

--but the Scottish lads are determined that it should be otherwise. XXXXX They take the field with the "will to win", or, at least, break the Springboks series of victories!

Scotland kicks off, and soon show--

--the South Africans that it's not going to be a walk over"--

--for them! XXXXX The brains of the Scots prove a --

--great set-off against the brawn of the tourists. XXXX South Africa "saves ground" by "finding" touch, a manoeuvre the Borderers force them to more than once in the game. XXXX

From the "line-out" they go into a "loose scrum"! A quick "heel" and the Scots "have it" but lose it!

The Springboks take a scrum on every possible occasion! XXXX They've got it - NO! - Yes! - Away they go in a strong dash for the Scots line, but are forced "into touch". XXXX

Another "line out", with a Scot rising to the occasion! XXXX The Springboks work hard to prove superiority, but the home team say No! - and keep on saving it! XXXX Well, --

--it's all over! A Draw! A fitting finish to a fine fight!
