

(3). TITLE.:- END OF SEASON RACE.

Picture. :- They've had a good season, but now "Old Man Winter" --

--bids them put away their boats, and seek other--
--outlets for their energies. XXXX If I know anything about--
--girls of to-day, they'll probably "jazz"--
--themselves to a standstill, and then wait--
--for the ice to clear off the river next Spring. XXXX

To-day is their last "day out", and the crowning--
--event is a ten kilometre endurance race. XXXX

I don't know what they train on, but it's pretty good, whatever it is ! XXXX

There's action for you ! XXXX You must admit--
--they have winning ways ! XXXX With muscles like
theirs--

--I could almost be sorry for the German youth of to-day ! XXXX

And now they listen to words of wisdom--
--from their trainer, who wants them all fit for--
--next season. XXXXX The way they answer back shows it's
O.K. with them !
