TITLE.:- CROSS COUNTRY.

Picture.:- It takes more than a mere rain-storm to "put off" these chaps !

They're away ! Three-hundred-and-fifty of them - a record number ! XXXXX The winner's there somewhere, but it's 349-to-1 against you being able to pick him out ! XXXX Why they're called "Novices"--

--beats me - they look more like professionals !

A surprise finish !! That was Hewitt, an "unknown" runner from Edinburgh University. XXXXX He had that little bit of--

--reserve strength wanted for a stiff finish, and had the "gumption" to challenge at the right moment. XXXXXXXX Good work !!
