TITLE.:- ROAD TERROR.

Picture.:- Here's a new one - a car chasing its tail !XXX
It turns in its own--

--length, and would revolutionize road-traffic. XXXX Fancy --
--the fellow in front of you doing this crab-like stunt !

You'd begin to wish you hadn't had that "just one more
before we part !

Mr. Young says it's the greatest idea--

--yet, and, that the wheels with their 65-degrees turn,--

--will get many a driver out of trouble ! XXXX Hm !
Maybe, but he'll want at least half--

--a dozen pairs of arms to indicate his intentions to the
fellow behind !

Can you imagine the Brighton Road if these--

--things came into general use ? XXXXX Why, you could just
push the slow-moving car gently out of your way ! Oh,
Help !
