(7). TITLE.:- FAR EASTERN CRISIS.

Picture.:- How they're going to get out of this "jam"  
I - do - not --

--know ! XXXX Japan says she won't withdraw her--

--troops until China agrees to negotiate, and China says she--

--won't negotiate until Japan withdraws her troops. XXXX  
So the two--

--nations are playing a game which is as old as the hills -  
but this time it's serious ! XXXX

The barracks of the troops have been demolished, while  
hutments --

--fell to flames. XXXX It seems a great pity,--

--after the world's experiences from 1914 to 1918, that two  
powerful nations should be at--

--each other's throats. XXXXX While the world waits  
to see which side--

--will give way, the civic population "gives way" at once!

XXXX The "man-in-the-street" wonders what--

--it's all about ! XXXXX It's all a Chinese puzzle, with  
Japan as part of the tangle !
