

GERMAN FASCISTS - Nationalist parties unite  
in huge rally under the Hitler banner at Hartzburg.

(3).

Picture:- Eighty-thousand German Fascists are here to greet Herr Adolf Hitler, who aims to be a sort of--

--German Mussolini. XXXX Whether that will ever be, remains to be seen. XXXX This spot--

--in Brunswick has been selected for the demonstration because Prussia--

--has forbidden the wearing of the Hitler uniform.

A great 'fippip' to his power lies in--

--the fact that the "Steel Helmets" have thrown in--

--their lot with Hitler. XXXX By the way, just now I likened--

--Hitler to Mussolini - that's not quite fair, for the Italian Premier--

--is a keen supporter of his government, whereas Hitler hopes to--

--overthrow the German Government, as at present constituted--

--and substitute a so-called National Government with himself as its head.

A General Election will decide whats to be done - - just as ours did !
