~~THE~~ BRITISH ! London's Lord Mayor officially
welcomes season's first consignment of New
Zealand cheese.

(3).

Picture.:- They don't really need a guard to keep the
cheese from attacking the Lord Mayor ! XXXX it's
all perfectly 'sound',--

--and as it comes from New Zealand, it is worthy of a
welcome. XXXX And who should welcome it, but Sir
Maurice Jenks, Lord Mayor of London, and Admiral of the
Port ? XXXXXXXX After--

--boarding the tug drawing the first bargeload, The Lord
Mayor and his party return to the wharf, where --

--charming New Zealand dairymaids curtsy before bringing
on--

--to the scene the first Colonial cheese to enter the
country this year, to fight--

--foreign cheeses off the shelves of British larders.
XXXXX There's no need to say "May the--

--best cheese win !" - for we know it'll win, and we
know it's best !
