

NEW JERSEY.U.S.A. :- Uncle'Sam's Way - Big
round-up of undesirables ends in deportation.

Picture. :- America has "no time" for undesirables from
other lands, -

--she has enough troubles of her own ! XXXX Four-hundred
have--

--been "rounded up". XXXX It's too bad that the kiddies
have to suffer for the sins of the parents, but it just
can't--

--be helped. XXXX They're a mixed crowd. XXXX Some--

--smuggled themselves illegally into the country, some
committed crimes, and others plotted against the Constitution !

XXX But they all made the same mistake,- --

--they were found out ! XXXXX They are put aboard--

--the boat for Ellis Island, there to await a --

--ship to take them back whence they came. XXXX

It's the "end of their beginning" in a --

--new land, which might have been different--

--if they'd behaved themselves. XXXXX I don't suppose it'll
be--

--much of a homecoming for any of them. XXXXX (I'm sorry
about those kids, though !)
