MODERN ROME - The famous bells of St. Peter rung for the first time by electricity.  
-Italy-

Picture:- The old order changeth ! XXXX Electric bells at St. Peter's is an--

--innovation in keeping with the world's march of progress. XXXX

It needed sixteen men to peal them in the old days, but from now--

BELLS AS BACKGROUND AT X on it is being done by the mere touch of a switch.

- BRING UP BELLS TO  $\frac{1}{2}$  STRENGTH OVER THIS SHOT..... } 7 feet.
- ....AND FULL STRENGTH OVER NEXT TWO SHOTS..... } 17 feet.
- ....THEN DOWN TO  $\frac{1}{2}$  STRENGTH FOR 1 SHOT. } 8 feet.
- ....AND FADE SLOWLY TO FINISH ON LAST SHOT -(WITH COMMENTATOR TALKING). } 6 feet.

At XX:-

How the old places change ! XXXXX Even Rome isn't what it was !
