

THE CIRCUS IS COMING ! Excitement prevails
when the travelling circus comes to town.

-Germany-

Picture:- Who hasn't been awed by the immense bulk of an elephant ? - - Wondered - -

--how the zebra got his stripes, - and been scared that the sacred bull with the wicked-looking horns might forget his dignity ?

In short, who hasn't been thrilled with delight by

--travelling circus ? How attractive it is. The gaudy colours and extravagantly elegant--

--costumes: the palpable make-believe of it all.

Dragons ! Beautiful Chinese maidens ! Villainous Chinese men !

Dare-devil hardriding cossacks, and goodness knows what all !

How the kiddies love it ! And who is grown up ?

And the clowns ! A merry life ! Laugh, clown, laugh !
