BIRD-LIKE PLANE - Aged airman believes
that planes should be built like birds.

-Berlin-

Picture:- Planes should be built like birds, says this
German inventor.

His efforts at designing--

--have been directed along this line of investigation.

He has the courage of his own--

--convictions and enters the cockpit--

--of his bird plane, hoping to rise--

--as easily and gracefully as the--

--birds he is trying to copy. But he finds he is still
a clumsy fledgling despite his age.
