

ATHLETIC MEXICANS - Huge demonstration marks
21st Anniversary of revolution.

-Mexico City-

Picture.:- The greatest demonstration in the history
of New Mexico ! It is to celebrate the revolution. I
thought they had had several, but this--

--was a special one in 1910. Note that not a soldier--

--is to be seen; the marchers are all athletes ! No
nonsense about these girls !

Physical fitness for all has superseded fine
uniforms for the few.

The public square - pride of Mexico's city
builders - is thronged by half a million happy
Mexicans.

No military salute here, but just a polite
raising of the picturesque sombrero as they pass--

--the President and state officials. I always
thought that Mexicans rode wild bronches--

--and fired off pistols down the main streets.
The Movies have lied to me !
