EXCELLENT EQUITATION - The King of Italy witnesses fine display by cavalry officers.

-Rome-

Picture:- The King of Italy attends the annual exhibition--
--of horse riding given by officers of the Cavalry--
--School. It takes place at the Hippodrome--
--Tor di Quinto. Not quite what we expect for a --
--Hippodrome. Note how confidently they jump these
entrenchments ! Very sure footed !

These evolutions look like part of the Grand National.

They know to give that stone wall a good clearance.

This is easy ! They take the - er - 4 bar gate--
--in their stride while His Majesty watches keenly.

More stone breastworks cleared without apparent effort. If--

--only my National runners would do this ! They always fall over.

This is the star act, a vertical slide of 35 feet. These riders must be stuck on !
