GENII OF THE RING - Daredevil artistes perform
sensational stunts high above the circus ring.

-London-

Picture:- Let me introduce Miss Elenora who gives a
new holiday thrill for the children. In--

--fact many small boys of about seven are deeply in
love with her, and--

--now you see why ! They think she's wonderful, but
she won't fall even for them.

Here are more daring performers who will be talked
over with enthusiasm--

--at the beginning of the term, between Brown Junior who
didn't see it, and Jones Junior who did see it ! High in
the--

--air the cycle gets up speed, and then it - there it goes !
Round and round ! And over and over ! With the rider still
in the saddle ! Suppose he came off ! Suppose anything
happened !

On the toboggan flying through air.

ROLL OF DRUM UNTIL FALL.

He hasn't missed it !

NEXT SHOT START OF ROLL OF DRUM.

What a bounce !

NEXT SHOT START OF ROLL OF DRUM.

Goodnight, Nurse !
