TREASURE SEEKERS - Trawler "Vigilant"
preparing to sail for the Spanish Main to
search for buried treasure.

-Shoreham, Sussex-

Picture:- Will this ship return to England laden with
the golden treasures of Old--

--Spain ? The owners think it will and have financed
the expedition--

--with this hope. They want to return to the gold
standard by way of a --

--million or so Spanish doubloons which they think are
lying--

--in a sunken galleon near the Cocos Islands. Here
are the crew--

--to seek the real Treasure Island with Commander
Plumpton, R.N.R. as skipper !

Well Good Hunting ! Yo ! Ho ! And a bottle
of rum ! And all that sort of thing !
