

-I-

LATEST NAVAL RECRUIT - New British
submarine, H.M.S. "Sturgeon", successfully
launched at Chatham.

-Kent-

Picture:- This razor-like bow would be a nasty thing
to run up against. Success to H.M.S. 'Sturgeon', and
so--

--say all of us ! She's the newest of Britain's--

--undersea fleet, and is being christened by the wife
of Rear-Admiral C.J.C. Little, who breaks a bottle of
the best over her. What a waste !
