-Lancashire-

---

Picture. :- At Manchester's Cage Bird Show, there are 12,000 birds - tropical and otherwise, not counting the attendants. Their colourings are--

--wonderful - the cage birds I mean, - and they make as much noise as the usual--

--hen party. Oh ! That will mak-all the other macaws jealous. Oh ! Excuse me !

Here is a nice fellow ! The African toucan ! Like the pelican his beak can hold more than - is good for him. An old offender too ! Always before beak ! Oh ! I'm so sorry ! - Stop scratching ! He's no gentleman !

I'm told some of the birds are worth their weight in gold. I believe it !
