

GLASGOW "HOLD UP" University students
raid the pockets of citizens in aid of
hospitals.

-Scotland-

Picture. :- During Glasgow's annual hold-up day, the
Students get lots of fun, exercise and above all, money !
The burlesque brigands are now leaving the city chambers, -
they would take them if they could, - to start their day's
raid on the citizen's pockets.

It's really a carnival which all good Scotsmen pay to
see, and pay willingly and generously too,--

--although maybe that's difficult for Sassenachs to believe -
Yes, he wants to be nursed !

In eleven years these students' hold-ups have raised the
amazing sum of £120,000 for Scottish charities. Um ! That
brigand is a twister anyway, even though he's an honest
student. Excellent !

This car is blessed with a haggis before leaving for
the Monte Carlo rally. Over 14 tons of money were collected
but mind-ye it doesna leave Scotland !
