TABLE TENNIS STARS - Members of the England team "tune up" for International Championships to be held at Prague.

-London-

---

Picture:- These are some of England's best table tennis players assembled to practise the--

--game before striking a championship blow for ping-pong at Prague. Facing you is Mr. S. Proffitt, a left-handed player, but right on the ball.

EFFECTS ONLY OVER CROWD SHOT AND  
FADE THEM DOWN OVER NEXT SHOT OF  
PLAYERS.

Proffitt is a highly skilled exponent,--

--but E.S. Rimer gives him some lightning returns to deal with.

EFFECTS UP FOR TWO SHOTS.

Proffitt, - the player complete with pullover - is at present losing against Rimer. In a miniature way the game demands--

--greater speed and accuracy than lawn tennis.

Rimer wins, and promises to punish the ping-pong pills at Prague.
