RACE OF THE ACES - Over 800 fleet-footed
Frenchmen in great Cross Country Race at
Vincennes.

-:Paris:-

Picture:- This is ladies' lonely day in Paris. Nearly
all the available Frenchmen have joined in--

--this cross country run - well!-- eight hundred of the
lustier ones have--

--done so. Are the said ladies sitting at home grieving,--

--or going the pace themselves ? Well, that--

--all depends ! See how happy they all look ! This slow
motion--

--gives an opportunity to study running action in detail.
For a race this is slow going.

The noble 800 has now been sorted out and a winner
found ! It's Berolle, the same man who won the--

--event last year, and he romps home ! He--

--is France's champion runner ! A difficult man to catch !
