DAME FASHION'S LATEST - Gloria,, the wcr ld-
famous mannequin, displays new modes for milady's
wear.

-London-

Picture:- Ladies ! In your interests I turn fashion
reporter. Gloria removes her cerise coatee - correct
me if I'm--

--wrong - and reveals a black marocain frock. Do you
like it ?

Brown velvet with ostrich feather collar. This
coat will mend the breach of a husband's late night at
the club, or it should do. - Oh yes ! -,It will !

An evening dress of Greek design in black marocain
as Tommy Handley might say, "very recherche."

Gloria reveals a few more fashionable lines,--
--by displaying - er - simple satin shoes - no need
to take it off !

As hats go, this is said to be the last word, but
from items in milliner's bills I find there is--

--no last word in hats. If there is a last word it is
under the hat. A royal blue straw ! Ah ! That's the
last straw that breaks the husband's bank !
