NEW LORD RECTOR - Glasgow students "Make whoopee"
to celebrate the installation of Mr. Compton MacKenzie.

-Scotland-

Picture:- Professor Rait, Principal of the University of Glasgow instals Mr. Compton MacKenzie, the well-known--

--novelist as Lord Rector for the coming year. Despite heavy rain students seize the opportunity--

--of celebrating Mr. MacKenzie's election as the first Nationalist Lord Rector by various--

--demonstrations of a somewhat exuberant kind. The day's proceedings end--

--with a torchlight procession during which they burn more than 500 torches at one--

--shilling each (so the local papers point out). Seems expensive for such light entertainment!
