

YOUTH HAS ITS DAY - Treacherous winds cause  
much excitement at Boys' Glider Meet.

-Palos Verde, U.S.A.-

---

Picture:- This airy amusement is fast becoming a  
serious pastime. The meeting--

--is held to find a boy to send--

--to the Internatal Glider contest, so one of these  
youngsters may be--

--world's junior champion soon. There's another  
taking off ! Many put up remarkably good performances.

That's young Guy Rowan coming along the shore !  
He's been up for more than an hour, but there's something  
wrong ! He's off his course !

The change in the wind is forcing him over the sea,  
and he's--

--trying to get back again. Look out Guy !  
Oh ! He's down ! Lucky he crashed in shallow water.  
Another--

--10 feet, and there might have been a sad story to--

--tell. Even now these breakers aren't being any too--

--gentle. He's all right though. It must be his 1-

--lucky day, and 13 must be his--

--lucky number, because that's just how old he is.  
Lucky Guy !
