BATTLE OF BLOOMS - Beautifully decorated cars  
in the annual floral fete at Nice.

-France-

Picture:- AS a change from fog and frost, take a  
look at this ! Last week Nice had a fete for King  
Carnival. To-day they have--

--a battle of flowers. Seems a good place to be in !

Oh ! Look at this now ! That proves it !

The pick of the flowers of Southern France are  
here !

Beauty enshrined in beauty ! A battle with blossoms  
as bullets flying through a barrage of petals !

Who would not be Aunt Sally to a niece like this ?

But even in a battle of flowers there are some--  
--casualties. Cupid is not such a rotten shot as all  
that !
