

ON THE ROCKS - Three men lost their lives when Belgian steamer "Jeanne" ran ashore near Whitby.

-Yorks-

Picture:- During thick fog just before midnight, this unlucky Belgian Trawler "Jeanne" ran ashore near Whitby,

The sea was running high and as the minutes passed--

--the ship was dashed further and further on the treacherous rocks and badly holed. To--

--stay was dangerous ! To go was dangerous ! The Captain decided there was a chance of reaching the shore in the ship's lifeboat. Against great difficulties the crew of fourteen abandoned ship and pulled for the safety of firm--

--earth. Caught by a huge sea, the boat capsized, and was smashed to pieces.

A terrific struggle and eleven reached land! Three were lost ! Killed by the terrible ordeal--

--of exposure in a merciless sea on this icy cold night.
