

MUSSOLINI AT THE VATICAN - The Dictator visits,  
for the first time, Pope Pius XI, head of the  
Roman Catholic Church.

-Italy-

---

Picture. :- It's a great day for Italy ! Temporal  
power in the person of Signor Mussolini pays homage  
to her spiritual ruler Pope Pius XI. For years Italy  
has suffered a breach of friendly relations between  
Church and State, and now is the reconciliation--

--which gladdens the heart of catholic Italy. For the--

--first time since he took office Signor Mussolini--

--sets foot on Vatican ground. After the welcome by  
the Governor of the Vatican City, the Premier and his  
suite cross the magnificent loggia of Raphael on the  
way to the pontifical chamber where the audience is to--

--be held under the historic flag--

--of the vatican. The happy conclusion of the negotiations  
between the Italian Premier and His Holiness the Pope--

--has caused all good Italians to heave a sign of religious  
relief. They no longer have a feeling of trying to be  
loyal to two masters of divergent opinions. So now, all  
is well !
