

THE DUCHESS OF YORK - accompanied by the Duke
opens new London Clinic and Nursing Home in Harley St.

-London-

Picture. :- A great gathering assembled to witness the arrival--

--of The Duke and Duchess of York to open the London Clinic and Nursing Home. This institution is the largest of its kind in the country; has one thousand rooms, and has been built at a cost of four hundred thousand pounds. It was privately inspected by Their Majesties the King and Queen a week ago, who expressed--

--great approval of its appointments. To-day's royal visitors are received by eminent members of the Clinic's staff, among whom are the Duke of--

--Atholl, the Chairman, and Lord Moynihan who is associated with the--

--home in an advisory capacity. The equipment is--

--the most modern available. There are seven operating theatres. Such a work of mercy is worthy of the--

--gracious patronage so freely extended by these beloved members of our Royal Family.

AND SO, FOR THE PRESENT, I LEAVE YOU !
