

SPORT AT ETON - For the first time the  
 School Mile is contested on a grass track,  
 -Buckinghamshire-

---

Picture.:- Eton College athletes wait impatiently for  
 the starting gun--

--to race--

--for the school mile event on the new grass sports track.  
 In previous years--

--this race has been run on the public road. The large  
 field--

--is thinning out, and the feet of the star runners are  
 twinkling towards the tape.

Here comes the winner - G.I.--

--Churchill. His time is 5 minutes 1/8 seconds.

Off go the juniors over the same course and distance.  
 The--

--younger collegians have nothing to apologise about for  
 speed, either ! They are as fast as their older confreres.

The winner M.H. Marnham does his mile in 5 minutes 24--

--seconds ! Both creditable times for the mile sprint !  
 Floreat Etona !
