F.A. CUP SEMI-FINAL. "High spots" of the Arsenal

V. Manchester City match at Villa Park.

-Birmingham-

Picture.

Effects -----

- Manchester City wins the toss and makes fast ---
- play immediately after the kick-off. Some tricky work round the centre line, but no great football. the sixty thousand people here have nothing to get excited about yet Manchester is getting the best ---
- of the play from what I can see. What a great----
- crowd it is . Here's a chance for Manchester. Good work on the wing but its over the line. -----
- A throw -in for Arsenal. They haven't got very far away with it ---
- Surely the City will score now. No, they've muddled it. James and Jack are busy. That chance is lost-----
- another perilous few minutes for Arsenal. Manchester isn't giving them much peace. Oh, a fine pass-Shoot! Goal ---no, its clear -----
- another great attack by the City. Arsenal scored the only goal a few minutes before the whistle went.
