

MOTOR-CYCLE SKI-JORING - Daring ski-ers

vie in annual tournament of thrills and spills.

-Leoben, Austria-

---

Picture:- Ski-ing is not fast enough, so they tie--  
--up to a fast motor--  
--cycle and hit up the thrills--  
--still more.

Europe's fastest ski-ers have--  
--taken up this hair-raising sport, and make a race of --  
--it, and it is a race! Fifty,--  
--sixty, 70 miles an hour skidding round--  
--bends and jumping over bumps and lumps. (Crash)  
That's one less in the contest. They collect  
broken necks in this sport. This is near--  
--the finish. It's between Binsky of Poland,  
Lipsky--  
--of Austria, and Gorotsky of Hungary, and--  
--may the best sky win.

Lipsky has won - sky -
