Picture:- The battle of the century !

Dick Shikat and Leo Paneski of Poland ! This match is a real contest of sheer brutal wrestling strength ! Shikat is annoyed at being thrown and prepares for revenge ! And here it's coming, and Paneski can't stop it ! - - The Pole comes back with a quick right, and starts tossing Shikat about the ring ! Not being satisfied with that, he gently but firmly puts him over the ropes !

This is a championship bout, and there's no love--

--lost between them ! They're really angry ! Wrestling or prize-fighting, they don't mind much ! Nasty knocks with the muscle of an ox behind them !

A little more tossing about and Paneski sees an advantage ! He gets Shikat in a grip of iron, but it goes all wrong, and Paneski goes to the mat himself, and counts the stars, while the referee counts him out as a back number ! What a battle ! Where's the embrocation ?
