FRENCH TRIBUTE TO "SCOTS WHO FELL" - Ex-officers of our Allies visit the Scottish National War Memorial.

-Edinburgh-

---

Picture:- French ex-officers of the British Club, Douai, France, visit Edinburgh. Under--

--the shadow of the Tricolour and the Thistle, Doctor Facheux deposits a wreath at the Scottish National War Memorial.

The party then enters the Shrine.

(ORGAN MUSIC OVER ALL THESE PREVIOUS SHOTS).

These ex-officers are Frenchmen who fought side by side with Scotsmen on the--

--Western Front from 1914-1918. An experience still acutely recalled after 14 years of peace ! Before leaving, acquaintance--

--with "Mons Meg" is renewed ! They like this spiteful lady better now she's dumb and harmless !
