SPEEDWAY THRILLS - The French champion,  
Belissent, beats rivals in first round of  
International Championship.

-Paris-

---

Picture.:-Paris maintains its reputation for being a  
fast sporting city. They--

--say the Boulevards are slow just now, but the  
Speedways--

--go "all-out". That's--

--the flying start in the first round for the  
International Championship. This is the Buffalo  
Stadium, and these three riders are charging round  
the track with their heads down just like buffalos,  
only faster ! The bends promise excitement, but  
these three riders are cornering too cleverly to  
provide accidents for amusement.

No, there's one crashed ! Too sudden to see  
how it happened !

But our slow motion camera will show you exactly  
what did happen ! It makes the fall look quite  
comfortable, but the man who crashed still thinks  
it's painful.

Now it's a grim duel between the two left in  
the race !

There's Belissent catching up his rival - -  
and passing him ! He's winning ! Yes !

So Belissent will go up to the next round  
for International champ !
