THE BOY AND THE BEES - American boy displays
amazing courage in handling swarms of bees.

-California-

Picture.:- As a rule Bee keepers think that the Queen--

--bee is necessary to make the bees swarm, so--

--that the honey may be taken from the hives,--

--but this boy does it all without her Majesty. That's
a real handful of--

--trouble if they take you up the wrong way. I think
that boy has pluck, anyway ! Can't you just feel all
those sticky little legs running over you. Each bee
with a sting all ready in case ! This young hero
says the bees won't sting if you're kind to them.
That's all very well, but how do I know if they'll
understand my good intentions !
