

ROUGH RIDING - Picturesque scenes at girls'
riding school at Arizona.

-Tucson.U.S.A.-

Picture.:- These are no side-saddle 'gentle trot and
jump' misses ! They're young Amazons, taking a course of--

--rough riding ! Real honest-to-goodness cowboy stuff !

Their training ground is the wide open spaces of
prairie land, with all its risks of--

--taking a toss into a prickly cactus, and being turned
into a human pin-cushion.

Up hill, or down valley, is all the same to these--

--girls ! Hello ! Anybody seen a horse ?

The instructor of this merry band is a crack
cavalry rider !

Lucky man to recruit a bunch of rookies like this !
