Picture.:- Girls will be girls, and some girls will be cricketers ! This group--

--of graces - - although not W.G.'s - - are receiving instruction from Wilfred Rhodes,--

--the famous Yorkshire coach. How to hold the ball to get--

--that Rhodes twist which has puzzled so many batsmen.

How to use the bat to smack a gentle two or a wicket boundary, is all explained, and there are good attempts made to carry it out.

How easy this over-arm bowling action looks ! Girls will now be bowling--

--the poor mule with a ball as well as--

--with a glance from a bright eye. Oh !

A nice out to slips ! Women will be playing in County Cricket--

--soon ! And that will make it really popular.
