MOTOR CYCLE "GRAND NATIONAL" Plucky riders face  
"roughest course in the country" in reliability trial  
for Ilkley Trophy.

-Yorkshire-

---

Picture:- If you wish to be shaken out of your usual  
self, try--

--motor cycle riding over this course. If you--  
--go in a side car, take--  
--a very soft cushion with you. The event is the Ilkley--  
--Motor Club Grand National. It's awful fun !

This stony stream is only one of the obstacles to  
be ridden, jumped, er, swum !

The course is sixty miles ! A sore test of rider  
and machine ! Competitors are allowed to stand up--

--for meals after the race. Steady ! Go easy ! Nearly  
a mud bath for him !

Another one wants wet feet. Stick it ! And he's  
stuck ! Oh ! That's a bath for somebody - - and again !  
That should damp--

--the spectators' enthusiasm. But the riders get rattling  
good experience ! Oh ! oh !
