annual meet at Long Beach, California-

-U.S.A.-

Picture.:- You've never seen so many twins as there are
here ! All in a bunch ! Big--

--twins ! Little twins ! Old twins !, and baby twins !
Fat twins and then--

--twins ! In fact, the largest gathering of twins ever
known. Started 5 years ago, this has now become a national--

--affair. Janet and Jewel Brown, five years old ! Alike
even to their freckles !

And they have Japanese twins, too ! That's
a novelty !

The Matthew sisters and the Ware brothers ! If these
get mixed "ware" complications !!

The oldest twins, the McOrger bros. So old they
have finished with birthdays !

Girls always back each other up ! June and
Janet Thompson, red heads from Hollywood !

The last two of the ten little nigger boys !
It's a dark subject, that is !
