MISS ENGLAND III. Lord Wakefield takes
delivery of the wonder motor-boat with which
Kaye Don will attack water speed record.

-Hampton-on-Thames-

Picture.:- Will she do it ? That's the burning
question ! Lord Wakefield takes--

--delivery of Miss England III. Kaye Don thinks--

--she will break the existing record. Even the--

--pouring rain doesn't depress him. Mechanics
give her the last touches before leaving. They have--

--seen this boat grow up under their hands and Kaye
Don's success will be their success,--

--too. This month he will try his craft on Lake
Garda.

And we wish him luck too, don't we ?
