Picture:- Let me introduce a gallery of heroes who are not able to speak for themselves !

"Nip" saved the lives of his master and mistress from fire ! He is permanently lamed and compelled to wear splints.

"Bob" tried to rescue a drowning boy, failed ! He fetched his master, and they saved the boy's life.

"Jack". When some clothes caught fire, he rolled on them and put out the blaze, but got badly burned !

"Perro" saved a girl of 16 from drowning in the river Dee at Fullspate.

"Bonzo" dragged a baby out of a fire, saved the baby but badly burned his mouth.

And last "Pedro".! He attacked an infuriated horse and thus saved the life of a youth. They deserve their medals.
