Picture:- The end of one of the--  
--most poignant crimes in history. Nearly three months--  
--ago this little child was kidnapped. Taken from his  
parents and--  
--his home for a--  
--reason no one has--  
--yet really discovered. Lindy and Anne as--  
--the parents--  
--are affectionately known to America have always  
kept the hope--  
--in their hearts that the child was alive. The  
child and that hope--  
--have been slain. The baby has been found--  
--dead ! A diabolical crime, for which one cannot find--  
--words. The world's sympathy is with Lindy and Anne.
