CLIMBING ARCHBISHOP - Cardinal Verdier,
Archbishop of Paris, places golden cross
on dome of new church. France--

Picture.:- It's not often one sees a Cardinal--
--climb to the top of a Church. Here is--
--Mgr. Verdier, Archbishop of Paris going to the top--
--of the Church of the Holy Ghost to place a--
--golden Cross on its highest point : 130 feet
above the streets, the Cardinal blesses the Cross
and recites the Benediction of Paris. This done
the Church--
--of the Holy Ghost receives--
--the Cross upon its summit. Mgr. Verdier places it
in position with his own hand after holding it aloft
for the--
--crowd below to see. The cross is a beautiful piece
of gilt work, and the eyes of Parisians in the
boulevards will be arrested by its glitter.
