RELIGIOUS PAGEANTHY - 30,000 young members
of the Church of England schools take part
in great procession through Manchester.

-Lancashire-

Picture.:- Every year at Manchester children in white
robes publically profess their faith by taking part
in the Church of England walk through the--

--streets of the City. I tried to find out just
how and why the custom came into being, but
nobody--

--seemed to know. Having said that I am sure a
lot of people will write and tell me all about
it. Be that as it may all--

--these tiny tots in white dresses look very
beautiful. The Dean of Manchester--

--Dr. Hodder Williams witnesses the thirty
thousand--

--children from 38 schools who took part.
The children walk for 3½ hours between--

--the dense crowds which line the route.
But Manchester weather was unkind to
the kiddies. It rained most of the time.
