AMERICA'S SANDHURST - Picturesque parade
of cadets in honour of new commandant of West
Point military academy.

-New York-

Picture:- Young America shows how it thinks a parade
should look ! New York Cadet College--

--holds its first formal review of the year. It is a
double event !

The new Commanding Officer General Connor is taking--

--over, and this is his welcome !

He is a college "old boy" of 1897. Nice to come--

--back to one's old school as head of it ! Anyway,
pride and drill--

--sergeants have put precision and slickness--

--into the boys' display before their new chief !

These look good lines of defense !
