

"JUSTICE FOR HUNGARY" - Two trans-Atlantic
flyers, MM. Endresz and Bittay, lose their lives
in tragic air crash at Rome!

-Italy-

Picture:- They were to have attended the Convention of
Ocean flyers, but disaster--

--overtook them. AS the "Justice for Hungary"
hit the ground it burst into flames, bringing to a horrible
end the two brave men who flew non-stop from Newfoundland to
Budapest last year.

It was quite impossible to save anything at all from
the all-consuming flames. It is awful to think
of !

No more will her rudder guide her "into the blue"
to further achievements - - it is the end !

Two more brave men have paid "the price of progress".
