LIONS' DEN WEDDING ! - Jungle beasts witness
unique marriage ceremony, at Williamsville.

-New York.U.S.A.-

Picture.:- A marriage in a lions' den ! Why a marriage
anywhere, but especially why in a lions' den ?
Well, I suppose if they can--

--stand this they--

--can stand anything. Perhaps the bridegroom's name is--

--Daniel. The ceremony is--

--carried through without a hitch.

The beasts seem--

--awfully amused although most are good mannered enough--

--to hide their laughter behind a dignified exterior.

No one has bolted yet, but several look like--

--it. Yes, and--

--the two principals will remember this for a long time.
