FLEETWOOD'S NEW GOLF COURSE - Admiral of the  
Fleet Earl Beatty drives the first ball at opening  
of new links.

-Lancashire-

---

Picture:- After inspecting his guard-of-honour of ex-  
naval men, Earl Beatty prepares to open--

--Fleetwood's new five thousand pound golf course.

The Club House cost an extra six thousand five  
hundred.

Earl Beatty agrees to make the first drive, but  
warns our cameraman not to get too close. He--

--is not sure where the- - - ball is going !  
An injury to his arm causes him to fizzle the first  
attempt ! About a yard drive in the--

--wrong direction. Yes, this is where it didn't  
go !

The third time is lucky ! A great drive,--

--and the Earl declares Fleetwood's fine links  
to be open.
