CARNIVAL TIME - Great annual appeal for local
hospitals at Coventry. -Warwickshire-

Picture:- First crown a Queen ! That ensures a--
--successful Carnival ! At least it does at Coventry.

There she is on her perambulating throne, complete
with crown.

This car suggests the bewitching hour of midnight,
or do it now !

Old Mother Hospital lives in a shoe !. She
certainly has so many patients she hardly knows what
to do !

That's the reason for the Carnival ! An
artistic car symbolising Britannia Ruling the Waves !

There is no more deserving cause than hospital
work ! We wish Coventry's effort every success !
