---

Picture.:- For fifty years the Peterborough Agricultural Show has been an outstanding event in the district. This year it is a Royal show--

--the Duke and Duchess of York visiting. Lord Burghley receives-

--them. Their Highnesses take a real interest in agriculture,--

--and the latest farm implements are demonstrated to them.

The Duke, by the way is the show's--

--Honorary President this year. The backbone of the show's existence--

--is the judging of foxhounds,--

--for which the Duke of York gives a cup. This-

--year it is won by the Duke of Beaufort's "Autocrat".
